

# The COVID-19 vaccine is here

# WHY SHOULD YOU GET IT?

1

The COVID-19 vaccine is FREE and is being distributed in phases

2

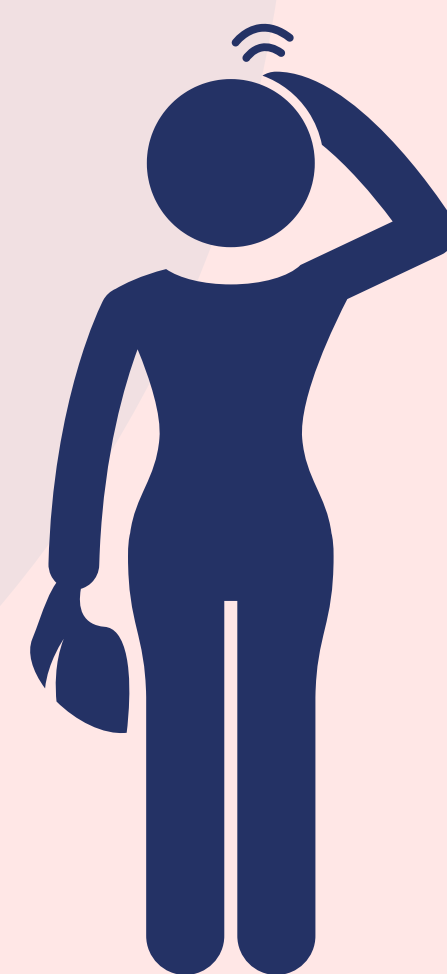

The vaccine is SAFE and being held to the same safety standards as other vaccines

3

There are minimal side effects to the vaccine:

- Mild fever
- Muscle aches
- Headaches

However, these are common side effects for most vaccines and they WILL NOT MAKE YOU SICK with COVID-19
